

VP550

The Advanced Android POS Solution

The VP550 leverages all the advantages of Android, delivering familiar smartphone-like features that optimize the customer experience and enable merchants to upgrade and expand their businesses.

Battery Boosted

The VP550 has a significant upgrade with its improved battery life, ensuring users can enjoy prolonged periods of use without the constant need for recharging. This advancement not only enhances user experience but also supports more sustainable usage patterns, making it ideal for individuals on the move.

Longevity & Durability

This device emphasizes durability and a premium feel. Its robust design is equipped to handle daily wear and tear, echoing the commitment to longevity and user satisfaction. This build quality not only adds to the device's aesthetic appeal but also its ability to withstand accidental drops and impacts.

Upgraded Wireless Performance

The VP550 ensure faster and more reliable connections. Whether it's Wi-Fi or mobile networks, users can expect a significant boost in performance. This enhancement is crucial for staying connected in today's fast-paced world, where efficient communication and data transfer are key.

Improved Ventilation and Heat Resistance

Maintain optimal performance even under rigorous tasks. This feature minimizes the risk of overheating - a common challenge with electronic devices - thereby extending the device's lifespan and ensuring reliability when it matters most.

Features

5.99" Touchscreen Display

Cash Discounting, Dual Pricing, Surcharging

4G LTE, 3G, GPRS, & WLAN

Auto-Connection Failback Procedure

Dual MID Supported Technology

Long lasting Battery
