VP**550C**

The **Smart Android** Countertop

Designed for today's fast-paced business environments, the VP550C empowers merchants to accept payments seamlessly enabling cashless experiences wherever your customers are.

High-Security Compliance

Every transaction is protected with the highest level of security. The VP550C meets compliance standards, offering robust data protection for every payment. This ensures that sensitive information remains secure, helping to build trust and confidence while maintaining a secure payment environment.

Ultra-Fast Processing Power

Speed is crucial for smooth, efficient operations. The VP550C is powered by a fast processor that ensures rapid transactions even during peak times. With expanded memory options, the device can handle high transaction volumes with ease, improving efficiency and reducing wait times for a seamless customer experience.

Advanced Ventilation and Heat Management

The VP550C is built to maintain peak performance even during high-demand periods. Its advanced heat management system ensures the device remains cool and fully functional, reducing the risk of overheating and offering uninterrupted performance.

Integrated High-Speed Printer

With the VP550C, receipt printing becomes quick and effortless. The high-speed thermal printer ensures that receipts are processed and printed at an impressive 80mm/s, eliminating delays and ensuring fast transaction confirmations. This feature enhances overall service speed and efficiency, making every transaction smoother and quicker.
